What's your favorite camp memory?

When I was a SALT, we were washing dishes late one night in a massive thunder storm. My best friend decided in that moment that she had not been living her life the way that that she was supposed to and knew that she needed to accept Jesus and seriously commit her life to him. We dropped everything, and, for some reason none of us can really explain, we went out into the rain, and she accepted the Lord right then and there, shortly before being sent back inside by Sharon because of the red alert (oops)!! It was incredible to get to pray with my best friend to make the best decision of her life in my most favorite place.

What are you most excited about for summer 2019.

I am so excited to get to come back to the place that has meant so much to me for so many years after taking a year off. I had to take a year off for school, and it made me realize how much camp really does mean to me. I am so excited to get another chance to give back to the place that has shaped me into the woman that I am becoming today.
