Share in a few sentences what you are most excited about for summer 2017.

I'm so excited for this summer! Camp is my second home, and always will be. There's just something amazing about standing on your chair in the dining hall while singing Disney songs with your best friends, or cooking dinner over a fire, or worshipping the Lord with the entire camp who loves Jesus just as much as you do. I can't wait to meet each of my campers, love on them, be their best friend, and show them the amazing love of our Savior. I know that God has so much in store and I can't wait to see how He changes lives, including my own!
