How did you hear about Crestridge?

My oldest brother went to Ridgecrest when he was younger, and he had heard about it through some family friends! When I was old enough I started going too:)

What Disney or Pixar ANIMAL Character would you be and why?

I would probably be Dug from the movie Up. I am really random and easily distracted/entertained haha. I'm also really awkward. But I love talking and meeting new people! Plus, golden retrievers are my favorite animals ;)

What is your funniest habit?

Whenever I get really happy or excited, I tend to do a little jig that consists of me shuffling my feet and flapping my hands up and down. My friends rate my excitement based off of what jig I am doing! Also, when I feel like things are getting awkward, I'll just start doing a random little dance, and I end up making a fool out of myself but I don't really care haha..

What is your greatest fear?

Oh man. I absolutely HATE spiders. and roaches. but especially spiders... daddy long legs are the worst! They are so creepy and gross. I'm also not a big fan of feet.

What is your all time favorite book?

Besides the Bible of course, my favorite book series is Harry Potter!

When I have an hour of free time, I like to...

I LOVE waterskiing, so if I can find a boat driver and rider, that's where you will find me! If not, then I like to go to the gym, watch Netflix, or take my dog for a run (she's kinda chunky).

What are the top 3 things on your bucket list?

I want to travel the world, hike the Appalachian Trail, and win concert tickets off of a radio station... I ALWAYS call but I never win! (Oh and I really want to be in the Guinness Book of World Records)

Share in a few sentences what you are most excited about for summer 2017.

Wow! What am I not excited for? Camp is my favorite place in the WHOLE world and I cannot believe I get to spend the entire summer there!!! I am so excited to get to know the campers and the staff. I can't wait to see how the Lord works through the lives of these girls and myself too! There is nothing more fun than running through the mountains, building fires, singing and dancing, and worshipping the Lord with the people you love! This summer is going to be great!
