

Katie Brown

Counselor

Katie Brown

How many years have you been at camp?

10

If you could put anything inside a S'more, what would it be?

Nothing too fancy, just a perfectly golden marshmallow and a Reese's cup. I honestly think God will serve those in heaven.

What is your favorite camp song?

I like "Hey Look Me Over" because we get to bang our fists on the table and YELL!

What is your favorite spot in camp?

When it randomly pours down rain and we have to all rush into our cabins, there's nothing better than changing into dry clothes and curling up in bed. I love having all my campers around chatting, reading, writing letters, and making friendship bracelets while we wait out the storm. There's something so wonderful and homey about a cabin!

What is your favorite camp memory?

This question overwhelms me. I can't think of one moment that stands out among the rest, but I am so thankful for all the friendships I've made that have spilled over into the school year and become both camp and real-life friendships. For example, a few months after SALT, we had a big reunion in Orlando and I got to fly down and spend my birthday with my camp pals!

What is your funniest habit?

I sleep in socks every night. People think that's weird, but I can't not!

If you could spend a day with a person from the Bible, who would it be and why?

Jesus, duh!! I like to imagine us having a coffee date that lasts about 12 hours because we're having the best time laughing and crying and talking about life.

What you are most excited about for summer 2017?

I'm going to experience my 40th Singspiration this summer, so I'm pretty pumped about that milestone! But honestly I'm just so excited that I get to spend two months getting to know campers, being silly, enjoying the NC mountains, and praising Jesus. Crestridge is such a special place to me and I'm ready to have another stellar summer there!
